

# SERENE OIL

## HIGH PERFORMANCE HYDRAULIC SEAT POST LUBRICANT

### DESCRIPTION:

High performance hydraulic fluid designed specifically for use in seat posts. The OEM-recommended formulation reduces friction, ensuring fast, quiet action with minimal drag. High viscosity index formulation ensures consistent drop and return speeds under all conditions. Proprietary additive system protects seals, minimizes wear and prevents corrosion, improving performance throughout seat post life.

### FEATURES & BENEFITS:

- Formulated to reduce friction and drag
- Consistent fast and quiet action
- Resists fade to ensure consistent drop and return speeds
- Protects components and ensures optimal performance throughout seat post life
- OEM-approved and recommended

### APPLICATIONS:

For use in all hydraulic seat posts.

### TECHNICAL DATA

SPECIFICATION	TEST METHOD	RESULTS
APPEARANCE	VISUAL	Amber
VISCOSITY @ 40°C (cSt)	D445	23.6
VISCOSITY @ 100°C (cSt)	D445	5.1
VISCOSITY INDEX	D2270	150
FLASH POINT (°C)	D92	160
DENSITY @ 15 °C (g/ml)	D4052	0.860
