

FUEL DE-ICER

HIGH PERFORMANCE DE-ICER AND FLOW IMPROVER

DESCRIPTION:

Concentrated de-icer and flow improver designed to eliminate moisture and condensation in 2-stroke and 4-stroke fuel systems. The advanced formulation enables flow under the most severe cold conditions and can be used with all gasolines, including nitro and alcohol mixtures. Methanol-free formulation prevents formation of water/gas emulsion and keeps fuel in the liquid state, thereby ensuring sufficient flow to the combustion chamber to maintain optimum efficiency.

FEATURES & BENEFITS:

- Readily mixes with all gasolines, including nitro and alcohol mixtures
- For use in 4-stroke and 2-stroke engines
- Eliminates moisture and condensation
- Prevents formation of water/gas emulsions
- Maintains optimum efficiency
- Helps prevent rust and corrosion

APPLICATIONS:

For use with all gasolines, including nitro and alcohol mixes. Can be used in all 2-stroke and 4-stroke engines. For best results, use in combination with Maxima engine oils.
